Report on Session: Artificial Intelligence: Ethics in Research

Date: December 19, 2022

Venue: Lecture Hall No. 4, Anjuman Arts, Science and Commerce College, Bhatkal

Resource Person: Mr. Afzal G. Jamadar, Librarian, Department of Library and Information Science

Number of Attendees: 47 students

Introduction

On December 19, 2022, Anjuman Arts, Science and Commerce College, Bhatkal, organized a session titled "Artificial Intelligence: Ethics in Research." The session was led by Mr. Afzal G. Jamadar, Librarian in the Department of Library and Information Science. The event, attended by 47 students, aimed to provide an understanding of the ethical considerations in AI research.

Program Overview

1. Welcome Address

The session began with a warm welcome by Mr. Nayeem Kotebagil, who introduced the purpose of the session and set the tone for the discussion on ethics in AI research.

2. Introduction of the Resource Person

Mr. Mohammed Rafique, a student of B.A. 3rd Semester, introduced Mr. Afzal G. Jamadar as the resource person. He highlighted Mr. Jamadar's expertise and experience in the field of Library and Information Science, emphasizing his knowledge in research ethics and artificial intelligence.

3. Main Session by Mr. Afzal G. Jamadar

Mr. Afzal G. Jamadar delivered a thought-provoking session on "Artificial Intelligence: Ethics in Research." The key aspects of his presentation included:

- **Overview of AI:** A brief introduction to artificial intelligence, including its definitions, applications, and significance in contemporary research.
- **Ethical Issues in AI Research:** Detailed discussion on ethical challenges associated with AI research, such as data privacy, algorithmic bias, and transparency.
- **Ethical Frameworks:** Exploration of various ethical frameworks and guidelines that researchers should consider when working with AI technologies.

- **Case Studies:** Presentation of real-world examples and case studies where ethical issues in AI research have had significant impacts.

Mr. Jamadar's session provided valuable insights into the complexities of ethical considerations in AI, offering practical guidance on how to navigate these challenges in research.

4. Interactive Discussion

The session included an interactive segment where students engaged in a discussion with Mr. Jamadar. Students asked questions and shared their perspectives on ethical issues in AI research, which enriched the learning experience.

5. Vote of Thanks

The session concluded with a vote of thanks by Miss Chhaya, a student of B.Sc. 5th Semester. She expressed appreciation for Mr. Jamadar's informative presentation, acknowledged the contributions of those involved in organizing the event, and thanked the students for their active participation.

Key Takeaways

- **Understanding AI Ethics:** Gained insights into the ethical challenges and considerations in AI research.
- **Ethical Frameworks:** Learned about different ethical frameworks and guidelines for conducting responsible AI research.
- **Real-World Applications:** Enhanced understanding through case studies and real-world examples of ethical issues in AI.

Conclusion

The session on "Artificial Intelligence: Ethics in Research" was a significant and informative event for the 47 students who attended. Mr. Afzal G. Jamadar's expert presentation provided a thorough overview of the ethical dimensions of AI research, fostering a deeper understanding of this critical area. The interactive discussion further enriched the session, making it a valuable learning experience for all participants.
