7.1.3 Clean and Green Campus Initiatives

1. RESRICTED ENTRY OF VEHICLES

The institute encourages the staff and students to use the vehicles to reduce environmental pollution. Vendors are restricted to enter inside the college campus using automobiles and are asked to park their vehicles in the entrance. The approach road from the main road and the roads within the campus are laid with tar road and separate markings are made for walking of pedestrians. The path from the main gate to the collage buildings has Pedestrian friendly foot paths.

(AFFILIATED TO KARNATAK UNIVERSITY, DHARWAD)

2. PADESTRIAN FRIENDLY PATHWAYS

As the campus is vehicle free with some exceptions, students and staff experience comfort walking through the pedestrian friendly pathways. The internal roads are lined with trees and plants; they are properly maintained by the green committee.

3. BAN ON USE OF PLASTIC

Single-use plastic items such as plastic bottles, bags, spoons, straws and cups are banned completely and awareness is created among staff and students through orientation and display boards in the premises. To restrict the use of plastic, measures have been taken to replace plastic tea cups and glasses with plastic free glasses in the canteen.

4. BRINGING FERTILE SOIL FROM THE OUTSIDE

Land within college campus is not suitable to grow trees and plants hence suitable fertile soil had been dumped during time to time to make campus green

4. LAND SCAPING WITH TREES AND PLANTS

Institute organizes tree plantation program every year at the College Campus. Faculty and students take part in the Plantation programme. Students and staff enthusiastically initiate and participate in the tree plantation drives on the campus and also outside the campus.

5. PUTTING GRASS BEDS TO PREPARE SMOOTH TURF

After dumping fertile soil, land was made suitable to grow plants, external grass beds were used to prepare smooth turf

6. PLANTATION DRIVE

Van Mahotsav is part of every year celebration, while on several other occasions saplings of many different varieties are planted. Students together with NSS, NCC and Scout and Rover volunteers actively participate. Although the college has lush green campus with different species of trees, with great enthusiasm NSS, NCC volunteers, students, teaching and the members of the management plant trees in college premises as a part of this celebration.

7.DRIP IRRIGATION FACILITY: Drip irrigation facility has been provided to garden for efficient use of water during non-rainy season. Drip Irrigation involves placing tubing with emitters on the ground alongside the plants. The emitters slowly drip water into the soil at the root zone. Because moisture levels are kept at an optimal range, plant productivity and quality improve. Drip irrigation is the most efficient water and nutrient delivery system for growing crops. It delivers water and nutrients directly to the plant's roots zone, in the right amounts, at the right time, so

A.H.M.'s

each plant gets exactly what it needs, when it needs it, to grow optimally. Water and nutrients are delivered across the garden in 'dripper lines' featuring smaller units called Drippers. Each dripper emits drops containing water and fertilizers, resulting in the uniform application of water and nutrients direct to each plant's root zone, across an entire garden within the campus.

8.Waste Management:The institution takes all the necessary precautions and full responsibility for disposing the waste generated at the college.There are different types of wastes disposed in the college for which there is a proper system functioning. The following wastes are being disposed by the college:

Solid Waste Management: College has a place on its campus where the solid wastes materials are disposed. Waste like plastic, metals, glass, cardboard, newspaper and stationery are systematically collected, segregated and sold to authorize vendors for its recycling. Dustbins have been installed throughout campus for waste segregation and disposal

Liquid Waste Management- Waste water generated from the laboratories is very small in quantity, the waste water is carried out through the pipeline and join the sunk pit.

E-waste Management-The College has optimized its inventory of all computers through reassembling, modification and up gradation by the institutions' own team of IT Administrator, faculty members and students.

The e-waste generated from hardware which cannot be reused or recycled is being disposed off

Our Institution is free from e-medical Waste,Biomedical Waste, Hazardous chemicals and radioactive wastes.

Clean Campus Initiatives

Every year on the occasion of Gandhi Jayanthi, a College Campus Cleaning Program has been organized at College on October 2, to commemorate Mahatma Gandhi's commitment to cleanliness and hygiene. The event aimed to promote a sense of responsibility toward maintaining a clean and green environment among the college students and staff. Clean Campus promotes Hygiene, It improves hygiene level in campus and also helps to reduce the spread of sickness, maintaining a clean college environment sets a good example to students. Cleanliness encourages learners to take pride in their college, which makes them less likely to drop litter and as such they will potentially make a bigger effort to maintain their environment. Cleanliness gives rise to a good character by keeping body, mind, and soul clean and peaceful.

Maintaining cleanliness is the essential part of healthy living because it is the cleanliness only which helps to improve our personality by keeping clean externally and internally. Students were advised not to throw paper plates, water bottle, paper cups, tissues, and many unwanted things on campus Lawns, Library, cafeteria, umbrella canteen, garden, sitting Area, corridors, class rooms, pathway and other open areas which are very unhygienic to all of us. They were also informed to make the college campus & class rooms a beautiful place for one and it makes individuals healthier when the environment around them is healthy. NCC and NSS cadets organise Swachata Pakwada, a fortnight programme to promote cleanliness in the campus and beyond the campus.
