REPORT ON STUDY VISIT TO GANESH SOAP FACTORY, SHIRALI

Date: September 05, 2021

Introduction

On September 05, 2021, a group of **33 students** from our institution, accompanied by Prof. B. H. Nadaf and Prof. R. S. Nayak, visited the **Ganesh Soap Factory** in Shirali. The purpose of this study visit was to gain practical insights into the soap manufacturing process and understand the operations of a soap production unit.

Factory Overview

The Ganesh Soap Factory is a well-established soap manufacturing facility located in Shirali, Karnataka. It produces laundry soaps. The factory is equipped with machinery and adheres to quality standards.

Itinerary

The study visit was organised as follows:

1. **Arrival and Welcome:** The students arrived at the factory premises at 10:00 AM. They were warmly welcomed by the factory staff and given an overview of the factory's history and operations.
2. **Factory Tour:** The students were taken on a guided tour of the factory. They observed various stages of soap production, including raw material handling, mixing, moulding, and packaging. The factory staff explained the significance of each step and demonstrated the use of machinery.
3. **Quality Control:** Students visited the quality control laboratory, where they learned about quality testing procedures. They saw how samples were tested for pH levels, and other parameters to ensure product quality.
4. **Interaction with Workers:** Students had the opportunity to interact with factory workers and ask questions. They learned about the challenges faced by workers, safety precautions, and the importance of teamwork in a production environment.
5. **Tea Break:** Tea with snacks were provided to all participants at the factory canteen.
6. **Discussion with Management:** Prof. R. S. Nayak led a discussion with the factory management. They discussed topics such as sustainable practices, waste management, and the role of technology in soap production.
7. **Conclusion and Departure:** The visit concluded with a vote of thanks to the factory management. Students received informative pamphlets and souvenirs before departing.
