About the course:

The "Typing Skill in Computer" course typically focuses on developing and enhancing typing proficiency using a computer keyboard. Here are some key components that such a course might cover:

Course Objectives

Improve Typing Speed: Techniques to increase words per minute (WPM) without sacrificing accuracy.

Enhance Accuracy: Strategies to minimize typing errors.

Familiarity with Keyboard Layouts: Understanding QWERTY and alternative layouts (like Dvorak).

Touch Typing: Learning to type without looking at the keyboard.

Ergonomics: Best practices for posture and hand placement to prevent strain.
