About the workshop

In alignment with our institution's commitment to fostering academic excellence and civic responsibility, we are pleased to announce an awareness program aimed at exploring the opportunities within the Indian Administrative Service (IAS) and Indian Police Service (IPS). This program seeks to equip degree students with essential knowledge about the Civil Services Examination, including its structure, eligibility criteria, and effective preparation strategies. Participants will gain insights into the significant roles and responsibilities of IAS and IPS officers, emphasizing the impact these services have on governance and public welfare. Furthermore, an interactive Q&A session with experienced professionals will provide students with the opportunity to address their queries and gain valuable guidance. We invite all students to join us in this endeavor to inspire future leaders committed to serving the nation.
