

7.1.2 Green Campus Initiatives

Green Policy

The Green Campus Policy of the college visualizes a Clean and Green Campus where environmental friendly practices and education combine to promote sustainable and ecofriendly practices in the campus and beyond the campus. It also offers the institution an opportunity to take the lead in redefining its environmental culture through inculcating environmental ethics among the students and staff. Mission To create environmental consciousness among the society and actively involved in the activities to protect the environment for a sustainable, pollution-free and healthy life ahead.

Objectives of Green Policy

- To create awareness in students and staff to minimize the use of environment-friendly products and services.
- To protect and conserve ecological systems and resources within the campus.
- To inculcate the importance of cleanliness for a healthy life among student and staff
- To aware students about environmental issues by organizing Events like Awareness Campaigns, Cleanliness Drives, Workshops, Presentations, Tree Plantation Drives, Conference, Competition etc.
- To ensure judicious use of environmental resources to meet the needs and aspirations of the present and future generations.
- To integrate environmental concerns into policies, plans and programmes for social development and outreach activities.

- To work with all stakeholders and the local community to raise awareness and seek the adoption of environmental good practice and the reduction of any adverse effects on the environment.
- To continuously improve our contribution to climate protection and adaptation to climate change and to the conservation of global resources.
- To continuously improve the efficient use of all resources, including energy and water, and to reduce consumption and the amount of waste produced, recovering and recycling waste where possible.
- To make the campus plastic free.

BRINGING FERTILE SOIL FROM THE OUTSIDE

Land within college campus is not suitable to grow trees and plants hence suitable fertile soil had been dumped during time to time to make campus green

LAND SCAPING WITH TREES AND PLANTS

Institute organizes tree plantation program every year at the College Campus. Faculty and students take part in the Plantation programme. Students and staff enthusiastically initiate and participate in the tree plantation drives on the campus and also outside the campus.

PLANTATION DRIVE

Van Mahotsav is part of every year celebration, while on several other occasions saplings of many different varieties are planted. Students together with NSS, NCC and Scout and Rover volunteers actively participate. Although the college has lush green campus with different species of trees, with great enthusiasm NSS, NCC volunteers, students, teaching and the members of the management plant trees in college premises as a part of this celebration.

DRIP IRRIGATION FACILITY: Drip irrigation facility has been provided to garden for efficient use of water during non-rainy season. Drip Irrigation involves placing tubing with emitters on the ground alongside the plants. The emitters slowly drip water into the soil at the root zone. Because moisture levels are kept at an optimal range, plant productivity and quality improve. Drip irrigation is the most efficient water and nutrient delivery system for growing crops. It delivers water and nutrients directly to the plant's roots zone, in the right amounts, at the right time, so

each plant gets exactly what it needs, when it needs it, to grow optimally. Water and nutrients are delivered across the garden in 'dripper lines' featuring smaller units called Drippers. Each dripper emits drops containing water and fertilizers, resulting in the uniform application of water and nutrients direct to each plant's root zone, across an entire garden within the campus.

Sprinkler Irrigation

Garden turf has been irrigated through sprinkler irrigation, water is distributed by pipes by pumping surrounding garden surface through spray heads. This system is mainly used during non-rainy season
