

7.1.3 ACTION TAKEN AND ACHIEVEMENT REPORT

ON

CLEAN AND GREEN CAMPUS INITIATIVES

Institution maintains a strong commitment to environmental sustainability and responsible living practices alongside its primary educational objectives. The institution has incorporated a comprehensive Green, Energy, and Environment Audit into its policy framework to ensure that environmental responsibility remains a central focus.

The Institution has successfully undergone Environmental Audit by auditing agency Global Eco Tech Solutions; Belgaum 590016 .Experts from this external agency visited the campus to evaluate the institution's environmental practices, energy and water resource utilization, and overall green initiatives.

A Green living habit helps in making the planet more sustainable and more liveable, making it fit to live in. The institution tries to engrave the green movement into its regular pattern. Hence, the institution has included Green, Energy and Environment Audit in its policy documents ensuring its focus on applying it in the course of action.

As per the Green Policy of the institution, the following actions are taken:

- Dumped external fertile soil in the College campus to make suitable for growing various plants
- Putting Natural lawn grass carpet to prepare smooth turf in the campus
- Drip irrigation facility has been provided to garden for efficient use of water during non-rainy season
- Pedestrian friendly pathway has been developed within the campus

- CFLs are replaced by LED lamps
- Strict instructions are given to faculty, staff and students to unplug and turn off electrical appliances when not in use or after use
- Regular check-up on the gadgets are done to improve their efficiency
- Periodic water quality assessment is done regularly
- Measures are taken to re-strengthen the existing water management practices
- Measures are taken to sanitise water coolers
- Measures are taken to effectively implement green protocol in the campus
- Solar-sensitive lamps have been successfully installed in the campus, significantly enhancing energy efficiency.
- Periodic assessments of water quality are consistently carried out as part of routine procedures.
- Ongoing efforts have been made to strengthen and improve existing water management practices.
- Both students and staff members have been actively following Green protocols as instructed.
- Initiatives have been launched to establish effective e-waste management practices, including regular e-waste collection drives and disposal in accordance with the established norms.
- The Eco club, consisting of both students and staff, continues to exhibit a strong interest in tree planting and various environmentally friendly initiatives.

ACHIEVEMENT REPORT

Key Achievements as a result of Clean and Green Campus Initiatives:

- Environment Consciousness awakened among staff and students.
- Green projects and eco-friendly initiatives are undertaken by students with enthusiasm.
- Green protocol is strictly maintained.
- Both staff and students actively engage in the Eco club activities.
- Various awareness initiatives, including Swachh Bharat Abhiyan, rallies, cleanliness drives, tree planting, and campaigns to reduce plastic usage, are regularly organized in and outside the campus to sensitize the staff, students, stakeholders and public of local area.
- Students have acquired knowledge about composting and plant care.
- Creating a balanced ecosystem, natural habitats are provided for birds.
- Different animals and birds such as Rabbits, Wild Boar, Peacock and different kinds of birds are visible in the college campus regularly.
- Communication to staff students and stakeholders is done mainly through online medium to facilitate paperless office.

Major Practices based on Green/Environment & Energy Audits:

- Proper maintenance of green campus and lawns with the help of Drip irrigation and sprinkler irrigation
- Water potability is checked on regular basis.
- The installation of energy-efficient appliances wherever possible is actively promoted.
- Energy-Saving Measures Implemented
- More LED lamps have been replaced in place of TL and CFLs, optimizing energy usage.
- Planning to install energy-efficient fans in the pipeline
- Yearly performance targets are being set.
- Solar sensor-based lighting has been installed leading to substantial energy savings.
- The concept of a 'Plastic-free Campus' has been instilled.
- To reduce waste and carbon footprint, the College has adopted paperless communication methods and maximized email usage.
- The college has a lush green campus and natural topography has been preserved.
- Native tree planting initiatives have been expanded.
